Key issues

Companies seeking to attract international investors or to have them remain as shareholders are expected to maintain a sustainable and transparent relationship with these capital markets players. Investors and analysts should be able to access detailed and updated information as regards the company's financial performance, as well as regarding its medium to long-term strategy and related quantitative targets. Furthermore, it is also key for a company to report on its strategy and performance on Environmental, Social and Governance aspects. Such information should be made accessible through communication channels such as reports or dedicated pages on the website, while an investor relations team or department would be set up within the company.

Company performance

Itau Unibanco holding achieved an advanced performance on its Investor Relations issues. A dedicated Investor Relations team has been established and the company has allocated responsibilities over Investor Relations to its CFO . Moreover, Itau is transparent on most of the key elements of its Corporate Governance, provides relevant information on its ESG KPIs and describes in detail the general context of its markets. The company has adopted most of the recommended elements for an open and transparent communication with shareholders, and has set up significant and comprehensive tools to promote the follow up on its corporate events and ESG strategies, respectively. However, Itau provides only some information on its financial KPIs and does not publish individual contact details on the website of the IR team.
