### Key issues

Companies seeking to attract international investors or to have them remain as shareholders are expected to maintain a sustainable and transparent relationship with these capital markets players. Investors and analysts should be able to access detailed and updated information as regards the company's financial performance, as well as regarding its medium to long-term strategy and related quantitative targets. Furthermore, it is also key for a company to report on its strategy and performance on Environmental, Social and Governance aspects. Such information should be made accessible through communication channels such as reports or dedicated pages on the website, while an investor relations team or department would be set up within the company.

### Company performance

Interconexion Electrica SA achieved an advanced performance in the Investor Relations issues. The Company has allocated responsibilities over Investor Relations to its CFO and has established a dedicated IR team, whose individual contact details are published on the website. ISA is transparent on most of the key elements of its Corporate Governance framework and general context of its markets, including the differentiation of risks and uncertainties according to their importance and relevance. In addition, the Company has set up significant tools to promote the follow-up on corporate events and ESG strategies. Moreover, ISA has adopted most of the recommended elements for an open and transparent communication with shareholders. Finally, the Company provides significant and relevant information on its financial and ESG KPI, respectively, including quantified targets on KPI for the future for both.
