Key issues

Companies seeking to attract international investors or to have them remain as shareholders are expected to maintain a sustainable and transparent relationship with these capital markets players. Investors and analysts should be able to access detailed and updated information as regards the company's financial performance, as well as regarding its medium to long-term strategy and related quantitative targets. Furthermore, it is also key for a company to report on its strategy and performance on Environmental, Social and Governance aspects. Such information should be made accessible through communication channels such as reports or dedicated pages on the website, while an investor relations team or department would be set up within the company.

Company performance

Grupo Aeroportuario del Pacífico achieved a limited performance on its Investor Relations issues. The Company has established a dedicated IR team, whose individual contact details are published on the website, however it is unclear who oversees the team. The Company discloses most of the key elements of the Corporate Governance framework and general context of its markets. The Company does not provide information on its financial nor ESG KPIs. The Company uses few elements for an open and transparent communication with shareholders. Finally, few tools to promote the continuous follow up of its corporate events and there is no tools for the follow up of its ESG strategy.

* On a 4-level scale: proactive, responsive, partially responsive, not responsive
